STUNTS BY WAR TANK

10,000 Persons Witness Feats Performed by Monster War Machine

$4,200 BONDS ARE SOLD

Tank Climbs Hills and Ploughs Its Way Through Marsh—Gets Stuck And Pulls Out O. K.

Approximately 10,000 persons last evening witnessed an exhibition by the six ton war tank at the old canal basin under the auspices of the local Victory Loan Committee.

The tank with all of the ease in the world climbed hills and finally ploughed its way through a deep marsh in the old basin of the canal. The war machine was followed by thousands of boys, many of who at times had narrow escapes from being run down, especially when sudden turns were made by this instrument of destruction.

The machine after it came out of the marsh looked as if it had had a bath in the bottom of the river, being caked with mud.

The machine was mounted by Maj. J. Randall Caton who made a patriotic address in the interest of the sale of the Victory bond. Afterward, bonds amounting to $4,200 were disposed of by the committee of women and others engaged in the task of taking subscriptions.

This makes a total of more than $20,000 bonds sold as a result of the coming of the tank to Alexandria.

Before the tank left the canal basin, however, it got stuck in the mud and was extricated by the operators after considerable difficulty, plowing its way out of the marsh under its own pressure.

DEATHS AND FUNERALS

Last rites for Col. Theodore H. Ficklin, who died Thursday night, were held this afternoon at his late residence, 714 Duke street, and conducted by Rev. L. F. Kelly, assistant pastor of St. Mary's Catholic Church. Burial was in St. Mary's cemetery.

Pallbearers were John Curtin, Reginald Dyson, Vernon Dyson, Herbert Knight, Ledru Strobel, Everett Pohl, Jack Pohl, and Purvis Downham, former pupils in his school.

Honorary pallbearers were members of R. E. Lee Camp, Confederate Veterans.

Joseph P. Smith died early this morning at the residence of his sister, Mrs. Randolph Ramer, 1316 King street. The deceased was unmarried and a native of Baltimore. His funeral will take place at 9 o'clock Monday from St. Mary's Catholic Church.

Mrs. Agnes Elizabeth Posey, thirty-three years old, died yesterday at the Alexandria Hospital. Her funeral will take place at 10 o'clock tomorrow morning from Wheatley's mortuary chapel and services will be conducted by Rev. Dr. John L. Allison, pastor of the Second Presbyterian Church. DR. EDWARD TURNER DIES

Secretary of Grand Lodge of Odd Fellows Succumbs at Daughter's Home.

Dr. Edward P. Turner, secretary of the Grand Lodge of Odd Fellows of Virginia, died suddenly at 7.45 last night at the home of his daughter, Mrs. H. W. Tompkins in Richmond.

Dr. Turner succeeded T. Wiley Davis as secretary of the grand lodge four years ago. He has for many years been active in the order.

He was fifty-seven years of age and a native of Chesterfield county.

A telegram announcing his death was received today by D. R. Stansbury, of this city.

Dr. Turners body was shipped today from Richmond to his late home in Isle of Wight for burial.

The deceased addressed the members of Sarepta Lodge of Odd Fellows of this city last Wednesday night. He was well known in this city.

LET'S US THANK OUR LUCKY STARS IT ISN'T AN INDEMNITY

The Victory Liberty Loan should be in the nature of a celebration. It should be undertaken in a spirit of thankfulness.

It may be the last chance we will have to render war service to the nations gallant defenders.

The actual fighting is over but peace has not yet been declared. It's like building a house. The structure is finished but much remains to be done in the way of cleaning up. A tremendous army, more than a million of our gallant boys, are still "over there." They must be paid. They must have food and clothes and equipment an dall that is needed to clean up the job

Much of the funds to be raised in this drive will go for the care of the men disabled, and they will be cared for as men were never cared for under similar conditions. When they threw up their peace time positions to go they knew not where, and offer their lives that the nation might live, we said, in effect: "Go ahead boys, give a good account of yourselves, we'll see you through." And we've got to carry out our end of the bargain. It does not seem possible that there can be anywhere a red-blooded American but will be glad to come up with the cash and save to buy these Bonds.

Dont wait. Go to your Bank today.

Yours for the Victory Liberty Loan,
Alexandria Victory Liberty Loan Committee.
Robt. S. Jones, Chairman.

THE CASE OF MEXICO

"Mexico under Carranza," by Thomas E. Gibbon, is the title of an interesting book which we have received from the publishers, Doubleday, Page and Co., New York.

The writer has spent much time in Mexico studying its people and its industries under the governments of Diaz, Madero, and Carranza. Being a lawyer accustomed to producing proofs that will stand the test before the judge and jury, he has prepared his case against the Carranza government with the same thoroughness that he would follow if he were presenting it before a Supreme Court. Without the slightest attempt to dramatize the facts, Mr. Gibbon makes clear the situation. Here is an inkling of the cause of the failure of the Pershing Expedition. Mexico, the writer says, is our next big problem.

SOVIET ON LAST LEGS

Anti-Bolshevik Organizations Urge Business to Discourage them.

Declaring that the Russian Soviet government is "now on its last legs" anti-Bolshevik Slav organizations in the United States have appealed to American business firms to do nothing to ecourage the Lenine-Trotsky regime.

Establishment of American trade relations with the Bolshevik government will result only in "litigation for the recovery of stolen property," these Russian groups warn.

To yield "to the temptation to obtain some temporary profit," they add, "would result disastrously for both the firms concerned and future Russian-American trade."

The organization backing the movement against trade with the Bolsheviki are the Russian Economic League, Association of Russian Engineers for Relief of Russia, Russian Union of Peasants in America and Canada, Executive Board of General Committee of Russian National Defense and the Voluntary Association of Russian Army and Navy Officers in the United States.

"So-called Soviet government of Russia, or dictatorship of the proletariat, not only is not representative, but is bitterly hated by the vast majority of the Russian people," the warning says, "it is now on its last legs."

JURY PROBES KUHN'S DEATH

Verdict Recites Company Blameless for Accident Thursday Night

USED LEFT SIDE OF CAR

When Accident Occurred Gates of Car on Left Side Were Closed—Funeral Tomorrow Afternoon.

A coroner's jury which met yesterday afternoon at Wheatley's mortuary chapel to investigate the circumstances attending the death of George Kuhn, who was killed Thursday night on Cameron street between Henry and Fayette streets, by a westbound train over the Washington Virginia Railway, gave a verdict that Kuhn endeavored to get off on the left side of the car when the gates were closed.

The jury added: "In the opinion of the jury his death was in no part caused by the negligence of the employes of the Railway Company." J. H. Trimyer was foreman of the jury and Dr. T. M. Jones, coroner, presided

The body of Kuhn was taken to his late home, 111 North Fayette street, from whence the funeral will take place at 1:30 o'clock tomorrow afternoon. Services will be conducted by Rev. P. P. Phillips, rector of St. Paul's P. E. Church. Burial will be in Bethel cemetery.

YARDS WILL CONTINUE

Chairman of Shipping Board Declares None of Workers Will Lose Jobs

Not a single shipyard will be put out of commission, and probably not a single shipbuilder will lose his job, under the plan of reorganization of the Emergency Fleet Corporation.

This statement was made by Chairman Edward N. Hurley, of the United States Shipping Board, upon his return to Washington yesterday after his swing around the Middle West.

He is for private ownership of shipyards and against government operation and control.

TREAT ALL PEOPLE ALIKE

Carranza Declares That is Aim of Mexico—Urges Legislation on Oil Production

Mexico City, May 3.—In considering legislation to regulate operations of oil interests in Mexico, it is the object of the Government to treat Mexicans and citizens of other countries exactly alike, President Carranza told Congress Thursday night.

Carranza's address at the opening of the special session made no other reference to foreign relations. Sensational reports published here that war vessels had arrived at Tampico to neutralize that port were not touched on.

After dealing with the nominations to the Supreme Court and the method of governing Mexico City and the Federal district, Carranza took up the oil question. Passage of a law governing the production of petroleum and mineral combustibles is the most pressing problem of the day, he said.

"WHAT FOOLS WE MORTALS BE!"

One year ago Liberty was fighting with her back to the wall. The issue of the titanic conflict which had convulsed the world for nearly four years was uncertain. Relatives of our boys "over there" were muttering prayers while suffering intense anxiety.

But, as the wise man in the book of the Ecclesiastes says, "The race is not always to the swift, nor the battle to the strong," and before the snow began to fly in the early fall the dark cloud of war suddenly parted and peace was upon us.)

Paens of thanksgiving ascended in millions of homes. The haughty Huns had been crushed. But how soon have all these evidences of appreciation of the work of the God of Battles been dissipated.

Four months of a new year have passed away. The first day of May—in normal times one of gaiety for both young and old—was Thursday one of riot and bloodshed in the countries which should be sincerely thankful that the black eagle is not perched upon St. Paul's Cathedral, or Westminster Abbey, or on the Chamber of Deputies, or the Column Vendome, or, think of it!—shrieking over of the Goddess of Liberty on the dome of our Capitol in Washington.

While spring was opening her golden gate the neighborhood of the Place of the Concorde and the Church of the Madeline in Paris was seething with disorder, taxing the police to the utmost, to prevent bloodshed. Paris of all cities in the world is the place where the spirit of thanksgiving should be in evidence. This beautiful capital was in peril a year ago, while Dunkirk and Calais, channel ports, seemed likely to be taken by the Huns. Yet on May Day this year strikes and convulsions were in evidence, not thanksgivings.

But how about the United States, the cradle of Liberty, over which the shadow of the Kaiser seemed to be hovering. Dispatches from New York, Detroit, Boston, Cleveland, Chicago, cities of Indiana and Syracuse tell the story, while heretofore peaceful Montreal, Canada, and Buenos Aires were convulsed by the disorderly and vicious.

The receipt of bombs by officials in different parts of our own country during the past forty-eight hours has added greatly to the excitement.

The free speech of fools is one thing: the free use of bombs is another. It is time to make the red creed of assassination and bloodshed unprofitable and unpleasant to those who feel inclined to take it up.

Every agency of the national and municipal governments is at work trying to track the "reds" responsible for the terrorist bomb plot which has startled the country.

Sixteen infernal machines were found early this week in the general postoffice in New York. Apparently they were identical with six others which went through the mails safely and were delivered to the persons to whom they were addressed. Fortunately, however, none of the intended victims has been injured thus far. How many others have been mailed no one can tell.

From all the information available it was apparent the makers of the bombs hoped to exterminate every one who has been prominently involved in the prosecution or deportation of members of the I. W. W.

THE COMING CRISIS

Inspection of the official records of anarchists and radicals with whom the Bureau of Immigration has come in contact reveals that their three cardinal principals are:

1. No God
2. No Government.
3. No home.

They seek by these doctrines to achieve a Utopia wherein unbridled license will be the keynote of society.

Dispatches from some European cities tell us that the Bolsheviki is preparing for a war on Christianity, schools, theological institutions, etc. This is their announced purpose, and in some places where these outlaws hold the whip handle they have already begun their preliminary work.

The time may come, as it was in the days of Nero, for conscientious people to again gather in upper rooms, the catacombs, on the seaside on mountains and in silent valleys for the purpose of worshipping the Creator.

A PROPHECY FULFILLED

Among the military men who took part in the war, one of the most interesting and picturesque is General Allenby, the commander of the British forces that redeemed Palestine. His beautiful dispatch from Bethlehem on Christmas Eve reached the hearts of christendom. His entry into Jerusalem was dramatic and inspiring.

Landmark, a magazine published in London, reprints his proclamation issued upon that occasion and calls attention to a curious circumstance. The Arabs have discovered that Allenby's name is composed of two Arabic words, "Allah Nabi," meaning "God and Prophet." Also it has been disclosed that the Arabs and other tribes have a prophecy, which has been cherished through generations. This prophecy is that "We who shall save Jerusalem and exalt her among the nations shall enter the city on foot and his name will be God and Prophet."

It will be recalled that General Allenby, in a spirit of reverence, did enter Jerusalem on foot at the head of his victorious army, the inhabitants rejoicing at their redemption from the cruel Turkish rule of centuries. Upon entering the city General Allenby published a proclamation printed in seven languages reassuring the people that they would be permitted to pursue their lawful business without interruption, and adding that, "since your city is regarded with affection by the acherents of three of the great religions of mankind, and its soil has been consecrated by the prayers and pilgrimages of multitudes of devout people of these three religions for many centuries, therefore I make it known to you that every sacred building, monument, holy spot, shrine, traditional site, endowment, pious bequest or customary place of prayer of whatsoever form of the three religions, will be maintained according to the existing customs and beliefs of those to whose faith they are sacred."

One of the reasons why the English have been the most successful colonizers and governors of alien peoples since the days of ancient Rome is that they practice religious tolerance, and respect the religion of the natives of the lands they occupy.—(Baltimore Sun.

REFRESHES THEIR MEMORIES.

Maximilian Harden is interesting, and in a way he is useful. He may not have much effect upon Germans, but they can't very well help seeing some of the truths he prints, and they are careful not to see much other truth. As a lot of Germans are talking about refusing to sign a "hard" peace treaty he refreshes their recollections of what treatment Germany accorded France in 1871. When there was some question whether the French envoys would sign the treaty Bismarck said: "Our measures will prove efficient when the French feel the pangs of hunger. In the meantime we will ask for their arms and their guns. Let them cry if they like. They would at least realize how ridiculous it is to make formidable threats, which it is impossible to carry out, to a victorious enemy."

As an exchange asks, "is there any reason apparent to a German why Germany should receive better terms than it gave?"

EX-KAISER'S PICTURES

The Berlin municipal authorities have ordered all pictures of the Kaiser and other members of the royal family removed from the public schools.

There are still tens of thousands of painted pictures of William II. adorning the walls of official buildings, offices, casinos and restaurants, most of which were ordered in the course of the last few decades at certain Berlin "Kaiser picture" factories, which did a thriving business in the heyday of William's reign.

Thousands of busts and statues, too, still exist. There is a brass one placed in a recess of the masonry of the Kaiserkaffee, on the Friedrichstrasse, showing the ex-Kaiser with an admiral's baton as lord of the Atlantic.

This figure is especially offensive to the masses at present. It is shrouded in red and white striped canvas.

The Spartacides have threatened to make short work with the brass Kaiser as well as with the cafe proprietor himself at the next shooting party in Berlin.

PUNISHING THE GUILTY

Scores and hundreds of German officers knowingly violated the rules of civilized warfare. The commanders in Belgium by posters warned the helpless population to put no trust in The Hague rules or any other laws of modern war. These servants of German imperialism might be punished by the German democracy, but they will not be. The German idea of law was exposed when the case against Capt. Fryath was reopened last winter and his murder under forms of law was justified by international law, the law that Germans had violated habitually from the moment their armies crossed the Belgian frontier till 11 a. m. on November 11, 1918.

They were not content to violate the laws of war. They violated the laws of humanity and the laws of decency. If they can be identified they must be punished. Germany will not punish them; the Allies and America must organize a tribunal to punish them for their violations of the law of nations.

But the proceeding in the case of the former Kaiser is not so simple. He is guilty, and he must be punished: but as there is no Court competent to try the head of a State, and there is no law of nations against making war, or even tearing up a treaty, the Court to try William II and the law under which he is to be tried will have to be created for the purpose. This will look more like an imitation of justice than like the real thing. Instinctive sense of justice recoils from creating a Court to convict and enacting a law to punish actions already committed.

It would be wiser and more impressive for the peace conference to demand the surrender of William II and then send him for the remainder of his injurious life to St. Helena, or Devil's Island, or Guam, or some other place where he can be securely guarded. He is a fugitive from the enemies to whom his country has surrendered. He had no right to seek refuge in Holland. He belongs in the hands of the Allies and America, who may at any time requisition him from Holland. To shoot him would be to make an historic martyr of him. His exile can be decreed with more dignity by the peace conference than by a Court created for the purpose of convicting him—Philadelphia Record.

Albany, N. Y., May 3.—No newspapers were published in this city yesterday.

The strike of the printers, which was declared Wednesday at midnight, continued a deadlock, the union men demanding a uniform raise of $6 a week.

This afternoon the printers were ordered to go back to work by the president of the International Union, pending a settlement of the differences by arbitration. This the strikers refused to do.

Says Phosphates Make Beautiful Women and Strong .. Healthy, Vigorous, Robust Men.

Physicians all over the world are prescribing phosphates to build up run down enemic conditions and those who have treated their patients with Argo-Phosphate are changing thin, anemic women with toneless tissues flabby flesh, into the most beautiful rosy cheeked and plump round formed women imaginable.

Atlanta, Ga., Dr. Jacobson said in a recent interview that 90 per cent. of anemia comes from nervous breakdown which can only be corrected by supplying the necessary phosphates to the nervous system that is lacking in the food you eat, and this can be quickly supplied by taking one or two 5-grain Argo-Prosphate tablets after each meal, and at bed time. It will in many cases make a pale scrawney face the picture of health in a few days. I have seen women that I expected would have to be kept under treatment for months restored to perfect health in one or two weeks time.

SPECIAL NOTICE. The Argo-Phosphate recommended by Dr. F. H. Jacobson contains phosphates such as are prescribed by leading physicians throughout the world, and it will be found the most effective form for treating patients with Nervous Dyspepsia, Stomach troubles, Brain Fag, and Nervous Prostration. It will renew youthful vim and vigor, and build up the whole body. Argo Phosphate is dispensed by Richard Gibson and The Rexall Store. Free sample mailed by the Argo Laboratories, Atlanta, Ga.

Government Loans and Prosperity or Taxes and Tight Money

THE United States has ten billion dollars of unpaid war bills that must be paid if the nation is to maintain its credit standing before the world.

And it must get the money with which to pay them from **us—in either loans or taxes.**

There's only one choice—to oversubscribe the Victory Liberty Loan now, or to pay even higher taxes later on.

And anybody would rather subscribe to a Victory Loan than pay a tax.

But granting that you **would** rather pay taxes, the matter doesn't end there.

The consequences of such a choice would affect the prosperity of this country—your individual prosperity—for years to come.

Figure It Out for Yourself

The Government has already had to borrow from the banks a large part of the money with which it is meeting current bills

If we don't raise the money now to pay off those borrowings by oversubscribing the Victory Liberty Loan, the banks in turn cannot lend to American merchants, manufacturers and exporters the money needed for the expansion of American business and the payment of good wages.

Each bank has only so much money to lend. It can't lend it to business men and to the Government at the same time.

The business men MUST have bank loans in order to start industry humming, pay good wages, and bring about the period of prosperity we are all looking forward to.

THE VICTORY LOAN MEANS BUSINESS, new enterprises started, factories enlarged, business expansion, export trade secured, plenty of employment and good wages.

TAXES MEAN TIGHT MONEY, business curtailed, credits cut down, building plans held up, export opportunities lost, factories shut down, and an ever-increasing army of unemployed.

There's no question of patriotism or sentiment involved in that—just hard-headed business sense.

It is true, we want to "finish up the job." We want to see that every last one of the boys who fought or prepared to fight for us is brought home, the wounded cared for, good jobs found for all. We want to go over the top in the Victory Liberty Loan, as we have each time the Government has called on us.

We want to do all these things BECAUSE WE ARE AMERICANS

It just happens, in the matter of the Victory Loan vs. Taxes, that it is also to our best interest to do so.

COAL. LUMBER AND BUILDING MATERIALS
W. A. SMOOT & CO. INC.
Your Next Winter's Coal
We do not know what the price of coal will be next Fall and Winter, as the retail price is governed by the price at the mines and the freight.
Our understanding of the present program is that Anthracite coal will advance ten cents a ton a month from May 1st to September 1st, and although we think this program will probably be carried out yet we are not sure of this.
We do know that THE MINES CANNOT PRODUCE, THE RAILROADS CANNOT HAUL AND THE DEALERS CANNOT HANDLE nearly enough coal during the Fall and Winter months to take care of an ordinary Winter's demand.
This means that coal will have to be mined, transported and delivered during the Spring and Summer to avoid a serious shortage next Fall and Winter.
We advise our customers to take these facts into consideration and order a reasonable supply of coal now.

CAPTURE CLANSMAN

Edgar Morris Tries to Shoot Sheriff at Elkins W. Va.

Elkins, W. Va., May 3.—Edgar Morris, the youth who is charged with the murder of Magistrate Buford Sullivan in Stanardsville, Greene County, is tlast night in the county jail here, following a sensational fight against arrest, in which Morris is alleged to have drawn his gun and attempted to kill Sheriff Marstiller.

Morris came into this town about 8 o'clock on Thursday evening, having apparently walked a major portion of the way here from Stanardsville. He entered the Grand Restaurant. A telegram had been received by the sheriff a short time before announcing that Morris was on his way to Elkins. Obtaining several police and deputies Sheriff Marstiller entered the front door of the restaurant.

Apparently realizing he was about to be arrested, Morris is alleged to have drawn his automatic pistol from his pocket, but before he could level it at the sheriff, an officer had rushed up from the rear and pinioned his arms. Morris is said to have fought desperately to make his escape, but was unable to overcome the force of the sheriff and assistants.

Morris was carried over to the county jail, where he is securely locked, while a guard has been placed over him to prevent him from attempting to make a get-away or do himself bodily injury.

Officials of Stanardsville have been notified of the arrest and are expected here Saturday. It is understood that Morris will refuse to accompany the men back to his home town without extradition papers. It is said here that the officers will be fully provided with all papers necessary to take him back with them when they reach this city.

Morris told Sheriff Marstiller, who made the arrest in West Virginia, that he had been hiding in the mountains since the fatal shooting on March 29.

HUNGARY SUES FOR PEACE

Roumania And Jugoslavia Offered Territory to Stop Advance

London, May 3.—The Hungarian Communist Government, a wireless message from Budapest says, has offered the Roumanian Government territorial concessions and requested an immediate cessation of hostilities.

The Hungarian War Office statement of April 30 says that the Franco-Serbian, Roumanian and Czecho-Slovak forces continued their advance on Budapest, the Roumanians capturing Mezo-Tur, 80 miles southeast of Budapest.

The military statement says that on Tuesday the Serbians and French captured Hodomezo-Vasarhely, while the Roumanians also occupied Szentes and Kun-Szent Marton, south of Mezo-Tur.

The Czechs attacked with strong forces, it is added, against Czap and Satoralja-Ujhely, northeast of Miskolcz, and also in the Hernad and upper Sajo Valleys. The Hungarians retired from Chara.

SUES FOR LOSS BY MOB

Danville Woman Seeks to Recover $2,000 Insurance.

Danville, Va., May 3.—An interesting suit was begun in the Circuit Court here Thursday by Mrs. H. A. Perkinson against the Queen Fire Insurance Company of New York, for the recovery of $2,000 alleged damage done to property by fire. The case brought back to memory the killing three years ago of Walter Clark, a negro who was slain by armed citizens after he had shot a policeman. The negro sought refuge in a house on Wilson street and in order to bring him out the dwelling was ignited.

BOMB WRECKS CITY HALL

GLAD TO TESTIFY

Says Watoga Lady, "As to What Cardui Has Done for Me, So As To Help Others

Watoga, W. Va.,—Mrs. S. W. Gladwell, of this town says: "When about 15 years of age, I suffered greatly. Sometimes would go a month or two, and I had terrible headache, backache, and bearing down pains, and would just drag and had no appetite. Then it would last two weeks, and was so weakening, and my health was awful.

My mother bought me a bottle of Cardui, and I began to improve after taking the first bottle, so kept it up till I took three. I gained, and was well and strong, and I owe it all to Cardui.

I am married now and have 3 children. Have never had to have a doctor for female trouble, and just resort to Cardui if I need a tonic. I am glad to testify to what it has done for me, so as to help others.

If you are nervous or weak, have headaches, backaches, or any of the other ailments so common to women, why not give Cardui a trial? Recommended by many physicians. In use over 40 years.

Begin taking Cardui today. It may be the very medicine you need.

CHILD LABOR LAW

Conflicts With States' Rights, Judge Boyd Rules

Greensburg, N. C., May 3.—Federal Judge James E. Boyd yesterday held as unconstitutional the provisions of the revenue act intended to prohibit the employment of child labor. A similar opinion rendered by Judge Boyd in a similar case was upheld by the Supreme Court. The opinion rendered today will be far reaching in effect.

The previous case was brought to test the Federal statute which denied the channels of interstate commerce to goods made in factories where child labor was employed. Despite the rallying of well known constitutional lawyers to the defense of the statute, it was held invalid by Judge Boyd.

RUMANIA IN BUDAPEST

Munich Taken by Germans. Bolsheviki in Full Retreat Before Kolchak

Basle, May 3.—King Ferdinand of Rumania has entered Budapest, Hungary, at the head of his army, it is reported.

London, May 3.—Admiral Kolchak's army, driving the Bolsheviki before them southwest of Sterlitimak, have advanced ninety miles, according to a dispatch from Omsk dated April 24.

A report published in a London newspaper that the Bolsheviki had captured Shenkursk and decapitated sixty American prisoners with axes was declared by both the British war office and American headquarters to be untrue.

Paris, May 3.—A Zurich dispatch to Le Journal yesterday said that German government troops had taken Munch, but that the communists were still resisting in several parts of the city.

THINK OF THE MONEY YOU CAN SAVE ON SHOES

Clarence J. Bloenker of St. Louis, Missouri, writes, "I have a pair of shoes with Neolin Soles and have used them for two years. I think they will last another six months."

Mr. Bloenker also recommends Neolin Soles for their comfort and waterproofness.

It is a remarkable fact that Neolin Soles cost no more than others that give only ordinary wear. You can get them on new shoes in many styles for men, women, and children—and they are available everywhere for resoling, too.

And look at the money you save—because you need fewer pairs of shoes with Neolin Soles. Remember—these soles are made by Science to be especially tough and durable. They are manufactured by The Goodyear Tire & Rubber Co. of Akron, Ohio, who also make Wingfoot Heels—guaranteed to outwear any other heels.

NOTICE TO RENTERS

What protection have you against a raise in your rent? A building lot, paid for, is your best protection because you will then be in a position to build your own home in case the rent becomes more than you care to pay. Your landlord will tell you it is cheaper to rent than to own. He knows better but he does not want you to break away from the tenant class and become a home owner.

$8.00 per month will put you in possession of a choice home site, which when paid for will enable you to build and thus pay rent to yourself rather than to a landlord.

Think this over now then act. F. C. Goodnow Company, agents. 600 King Street. Phone 388. 103-4t.

DISORDER IN PARIS

May-Day Demonstrations Result in Many Clashes in French Capital

Paris, May 3.—Several persons were slightly injured in clashes with troops resisting the passage of crowds toward the Place de la Concords during attempts at May-Day demonstrations here Thursday afternoon. No shots were fired, but a few individuals in the crowd were slashed with swords.

This crowd was augmented by lesser groups that had formed a mass in the Place do la Concorde, through which the cavalry made one ineffective charge and then withdrew. The efforts of the police were equally fruitless, and the cheering and singing crowds swept past the Hotel de Crillon, headquarters of the American peace delegation, with shouts of "Vive le Wilson!" and "Vive l'Amerique!"

The troops had their greatest difficulty in keeping the Place de la Concorde clear, After one attempt to invade the area had been only temporarily successful, crowds formed again in the boulevards and the Place Madeleine and swept back again toward the Place de la Concorde. The cavalry was drawn up across the Rue Royale several ranks deep with bared sabers and the passage of the people ment resistance.

A general scuffle ensued and it was then that the few who were hurt received their injuries.

Shortly afterward the crowd gathered again in front of the Madeleine and red flags began to appear when firemen turned their hose upon the massed people, gradually dispersing them.
